

## **Personality Type**

**You will write a paragraph or more about your personality type. In your paragraph, first, tell what type of personality you are (INFP, ESTJ, etc). Next, tell if you think the description fits you and why. Tell about any famous people that you share a personality style with. Finally, tell how you can use this information going forward (ex: in your studies, in your personal relationships, at work, etc.) Please use a piece of notebook paper for this and title it “Personality Type.”**
